ANOOP. S

FULL STACK DEVELOPER

+91 9072272776 | anoops0666@gmail.com | Portfolio | Linkedin | Github | Palakkad,Kerala,678572

PROFESSIONAL SUMMARY

Full Stack Developer with hands-on experience building and deploying web applications from scratch. Skilled in React.js, Node.js, Express.js, MongoDB, REST APIs, JWT authentication, Socket.io, and Tailwind CSS. Delivered projects featuring real-time messaging, hotel booking systems, Stripe payment integration, and AI-powered assistants (Groq/LLaMA, Gemini). Completed a developer internship working on live applications in a team. Brings a security-first mindset from a year-long cybersecurity internship, writing code that is not just functional but resilient.

SKILLS:

Frontend: JavaScript (ES6+), React.js, Next.js, TypeScript, Tailwind CSS, HTML5, CSS3, Context API

Backend: Node.js, Express.js, REST APIs, JWT Authentication, Socket.io

Database: MongoDB (NoSQL), Mongoose, PostgreSQL (SQL) — Foundational, Firebase

Cloud & Deployment: AWS EC2, AWS S3, CI/CD (GitHub Actions), Docker , Vercel, Render, Cloudinary

Tools & Dev Ops: Git, GitHub, Postman, Stripe

Familiar With: Python

EXPERIENCE

Junior Developer Intern | Expectation Walkers GenAI Research & Services Pvt Ltd **Sep 2026 - Nov 2026**

- Developed and enhanced features across web and mobile applications, contributing to end-to-end application development, from UI implementation to backend functionality.
- Designed responsive UI components, implemented application features, and resolved functional and technical issues to improve usability, performance, and reliability.
- Performed end-to-end manual testing, APK generation, and Android device testing, supporting application readiness for Google Play Store release.
- Collaborated with a development team to deliver production-ready features, address client requirements, and support the development of applications serving early clients.

PERSONAL PROJECTS

ScenicWonders—Travel Community & Booking Platform **LINKS: Live Demo Admin panel gitHub**

- Developed real-time messaging using Socket.io, featuring instant communication, unread message tracking, and synchronized chat updates.
- Built a hotel booking system with date-based availability, advanced filtering, concurrent booking management, and Stripe payment integration.
- Implemented JWT authentication and RBAC with protected routes and persistent user sessions.
- Integrated an AI-powered travel assistant using Groq/LLaMA for contextual assistance and personalized recommendations.
- Managed application-wide state using React Context API for consistent data synchronization.
- Built an admin dashboard with CRUD operations, user and inventory management, and MongoDB aggregation for revenue reporting.

Textures—E-CommerceApp **LINKS: Live Demo Admin panel gitHub**

- Developed a full stack e-commerce application for men, women, and kids clothing collections. Implemented authentication, cart management, and order workflow features.
- Built product filtering and sorting by category, gender, and pricing.
- Integrated Stripe, Razorpay, and Cash on Delivery payment systems.
- Created admin dashboard for managing products, inventory, and order status updates. Designed RESTful APIs and MongoDB schemas for scalable backend operations.

ADDITIONAL EXPERIENCE

Cybersecurity Intern | Technovalley Software India Pvt. Ltd. | jul 2022 – jul 2023

- Monitored and analyzed security threats across systems and networks
- onducted vulnerability assessments and assisted in system hardening
- Gained hands-on exposure to SOC operations and incident response.

EDUCATION

AdvancedDiploma in Pentesting & SOC (ADPS) — Technovalley Software India Pvt. Ltd. | Jul 2022 - Feb 2024

Certifications: EC-Council SOC Analyst (CSA) — EC-Council - 2024 | SQL Injection Attack — EC-Council - 2024

Bachelor of Commerce (Computer Application) | 2019 - 2022 University of Calicut

VV College of Science and technology , Palakkad,Kerala
